

NOTICE OF COMMENCE

ANDREAS LÚÐVÍKSSON

7th semester, autumn 2004

NOTICE OF COMMENCE

Snave construction
38 Grace Avenue
Mt. Maunganui
New Zealand

Here in NZ it is not necessary to inform the Bay Building Certifiers (BBC) about starting of work at a building site. However talking to builders here they said it would be a courtesy to do so, especially if it was bigger buildings or public buildings.

We have therefore made the following proposal of a letter to BBC to inform them about beginning of our work. The same letter could be used to inform the client about beginning of work.

All inspections according to Building consent need to be ordered in advance as mentioned in the guide to apply for a building consent.

Attached is also a letter that should be sent to "Arbejdsilsynet" in Denmark for commence of work.

NOTICE OF COMMENCE

Snave construction
38 Grace Avenue
Mt. Maunganui
New Zealand

Tauranga, February 7th 2005

Bay Building Certifiers
Masonry street 987
Tauranga

Dear sirs,

We inform you that the erection of The Bay of Plenty Diving pool will start Thursday 10th of February 2005 according to our agreement with BP Polytechnic. Snave construction is the main contractor.

Duration of building process is estimated 19 weeks.

With kind regards

o.b.h.o. Snave Construction

Andreas Lúðvíksson
